

兔抗 MLLT6 多克隆抗体

中文名称：兔抗 MLLT6 多克隆抗体

英文名称：Anti-MLLT6 rabbit polyclonal antibody

别名：MLLT6, PHD finger domain containing; AF17

相关类别：一抗

储存：冷冻（-20℃）

宿主：Rabbit

抗原：MLLT6

反应种属：Human

标记物：Unconjugate

克隆类型：rabbit polyclonal

技术规格

Background:	AF17 was discovered as part of a genetic rearrangement in the MLL (mixed lineage leukemia) gene associated with acute myeloid leukemia. AF17 is also known as MLLT6.
Applications:	ELISA, IHC
Name of antibody:	MLLT6
Immunogen:	Fusion protein of human MLLT6
Full name:	MLLT6, PHD finger domain containing
Synonyms:	AF17
SwissProt:	P55198
ELISA Recommended dilution:	5000-10000
IHC positive control:	Human tonsil
IHC Recommend dilution:	30-150
