

## 兔抗 MTAP 多克隆抗体

中文名称：兔抗 MTAP 多克隆抗体

英文名称：Anti-MTAP rabbit polyclonal antibody

别名：methylthioadenosine phosphorylase; BDMF; MSAP; DMSFH; LGMBF; DMSMFH; c86fus; HEL-249

相关类别：一抗

储存：冷冻（-20℃）

宿主：Rabbit

抗原：MTAP

反应种属：Human

标记物：Unconjugate

克隆类型：rabbit polyclonal

### 技术规格

<b>IHC Recommend dilution:</b>	50-200
<b>IHC positive control:</b>	Human liver cancer
<b>ELISA Recommended dilution:</b>	5000-10000
<b>SwissProt:</b>	Q13126
<b>Synonyms:</b>	BDMF; MSAP; DMSFH; LGMBF; DMSMFH; c86fus; HEL-249
<b>Full name:</b>	methylthioadenosine phosphorylase
<b>Immunogen:</b>	Fusion protein of human MTAP
<b>Name of antibody:</b>	MTAP
<b>Applications:</b>	ELISA, IHC
<b>Background:</b>	This gene encodes an enzyme that plays a major role in polyamine metabolism and is important for the salvage o

f both adenine and methionine. The encoded enzyme is deficient in many cancers because this gene and the tumor suppressor p16 gene are co-deleted. Multiple alternatively spliced transcript variants have been described for this gene, but their full-length natures remain unknown.
