

兔抗 SOX8 多克隆抗体

中文名称：兔抗 SOX8 多克隆抗体

英文名称：Anti-SOX8 rabbit polyclonal antibody

别名：SRY-box 8

相关类别：一抗

储存：冷冻（-20℃）

宿主：Rabbit

抗原：SOX8

反应种属：Human, Mouse

标记物：Unconjugate

克隆类型：rabbit polyclonal

技术规格

Background:	This gene encodes a member of the SOX (SRY-related HMG-box) family of transcription factors involved in the regulation of embryonic development and in the determination of the cell fate. The encoded protein may act as a transcriptional activator after forming a protein complex with other proteins. This protein may be involved in brain development and function. Haploinsufficiency for this protein may contribute to the cognitive disability found in an alpha-thalassemia-related syndrome (ART-16). This protein is also highly expressed in the majority of human hepatocellular carcinomas and promotes cellular proliferation and enhanced tumor growth.
Applications:	ELISA, IHC
Name of antibody:	SOX8

Immunogen:	Synthetic peptide of human SOX8
Full name:	SRY-box 8
SwissProt:	P57073
ELISA Recommended dilution:	5000-10000
IHC positive control:	Human esophagus cancer
IHC Recommend dilution:	20-100
