

兔抗 PXN(Ab-272) 多克隆抗体

中文名称：兔抗 PXN(Ab-272) 多克隆抗体

英文名称：Anti-PXN(Ab-272) rabbit polyclonal antibody

抗 原：PXN(Ab-272)

储 存：冷冻（-20℃）避光

宿 主：Rabbit

相关类别：一抗

反应种属：Human

标记物：Unconjugate

克隆类型：rabbit polyclonal

技术规格

Background:	Cytoskeletal protein involved in actin-membrane attachment at sites of cell adhesion to the extra cellular matrix (focal adhesion).
Applications:	WB
Name of antibody:	PXN(Ab-272)
Immunogen:	Synthesized non-phosphopeptide derived from human Paxillin around the phosphorylation site of serine 272 (M-A-S(p)-L-S).
Full name:	paxillin
Synonyms :	0
SwissProt:	P49023
WB Predicted band size:	65 kDa
WB Positive control:	Hela cells lysate

WB Recommended dilution:

500-3000
