

兔抗 SNX4 多克隆抗体

中文名称: 兔抗 SNX4 多克隆抗体

英文名称: Anti-SNX4 rabbit polyclonal antibody

别 名: ATG24B

相关类别: 一抗

储 存: 冷冻(-20℃)

宿 主: Rabbit

抗原: SNX4

反应种属: Human, Mouse

标记物: Unconjugate

克隆类型: rabbit polyclonal

技术规格

| Background: | This gene encodes a member of the sorting nexin family. Members of this family contain |
|---------------|--|
| | a phox (PX) domain, which is a phosphoinosi |
| | tide binding domain, and are involved in intr |
| | acellular trafficking. This protein associated w |
| | ith the long isoform of the leptin receptor a |
| | nd with receptor tyrosine kinases for platelet |
| | -derived growth factor, insulin, and epidermal |
| | growth factor in cell cultures, but its function |
| | is unknown. This protein may form oligomeri |
| | c complexes with family members. Two trans |
| | cript variants, one protein coding and the ot |
| | her non-protein coding, have been found for |
| | this gene. |
| Applications: | ELISA, IHC |

| Name of antibody: | SNX4 |
|-----------------------------|------------------------------|
| Immunogen: | Fusion protein of human SNX4 |
| Full name: | sorting nexin 4 |
| Synonyms: | ATG24B |
| SwissProt: | O95219 |
| ELISA Recommended dilution: | 2000-5000 |
| IHC positive control: | Human thyroid cancer |
| IHC Recommend dilution: | 25-100 |
