

兔抗 RNF40 多克隆抗体

中文名称: 兔抗 RNF40 多克隆抗体

英文名称: Anti-RNF40 rabbit polyclonal antibody

别 名: BRE1B; RBP95; STARING

相关类别: 一抗

储 存: 冷冻(-20℃)

宿 主: Rabbit

抗 原: RNF40

反应种属: Human, Mouse, Rat

标记物: Unconjugate

克隆类型: rabbit polyclonal

技术规格

Background:	The protein encoded by this gene contains a RING f inger, a motif known to be involved in protein-prot ein and protein-DNA interactions. This protein was r eported to interact with the tumor suppressor protein RB1. Studies of the rat counterpart suggested that this protein may function as an E3 ubiquitin-protein ligase, and facilitate the ubiquitination and degradation of syntaxin 1, which is an essential component of the neurotransmitter release machinery.
Applications:	ELISA, WB, IHC
Name of antibody:	RNF40
Immunogen:	Fusion protein of human RNF40
Full name:	ring finger protein 40, E3 ubiquitin protein ligase

www.shjning.com

Synonyms:	BRE1B; RBP95; STARING
SwissProt:	O75150
ELISA Recommended dilution:	1000-2000
IHC positive control:	Human breast cancer and Human brain
IHC Recommend dilution:	25-100
WB Recommended dilution:	200-1000
WB Positive control:	Hela, 231 and A172 cells
WB Predicted band size:	114 kDa
