

兔抗 SLC35F6 多克隆抗体

中文名称：兔抗 SLC35F6 多克隆抗体

英文名称：Anti-SLC35F6 rabbit polyclonal antibody

别名：solute carrier family 35 member F6; ANT2BP; TANGO9; C2orf18

相关类别：一抗

储存：冷冻（-20℃）

宿主：Rabbit

抗原：SLC35F6

反应种属：Human, Mouse, Rat

标记物：Unconjugate

克隆类型：rabbit polyclonal

技术规格

Background:	Involved in the maintenance of mitochondrial membrane potential in pancreatic ductal adenocarcinoma (PDAC) cell s. Promotes pancreatic ductal adenocarcinoma (PDAC) cell growth. May play a role as a nucleotide-sugar transporter .
Applications:	ELISA, IHC
Name of antibody:	SLC35F6
Immunogen:	Fusion protein of human SLC35F6
Full name:	solute carrier family 35 member F6
Synonyms:	ANT2BP; TANGO9; C2orf18
SwissProt:	Q8N357
ELISA Recommended dilution:	5000-10000

IHC positive control:	Human colorectal cancer and Human tonsil
IHC Recommend dilution:	100-300
