

## 兔抗 GGCX 多克隆抗体

中文名称: 兔抗 GGCX 多克隆抗体

英文名称: Anti-GGCX rabbit polyclonal antibody

别 名: VKCFD1

相关类别: 一抗

储 存: 冷冻(-20℃)

抗原: GGCX

宿 主: Rabbit

反应种属: Human, Mouse, Rat

标记物: Unconjugate

克隆类型: rabbit polyclonal

## 技术规格

Background:	This gene encodes an enzyme which catalyzes the posttr anslational modification of vitamin K-dependent protein. Many of these vitamin K-dependent proteins are involve d in coagulation so the function of the encoded enzym e is essential for hemostasis. Mutations in this gene are associated with vitamin K-dependent coagulation defect and PXE-like disorder with multiple coagulation factor d eficiency. Multiple transcript variants encoding different i soforms have been found for this gene.
Applications:	ELISA, IHC
Name of antibody:	GGCX
Immunogen:	Fusion protein of human GGCX
Full name:	gamma-glutamyl carboxylase
Synonyms :	VKCFD1

SwissProt:	P38435
ELISA Recommended dilution:	2000-10000
IHC positive control:	Human breast cancer and Human liver cancer
IHC Recommend dilution:	100-300
