

## YPEL2 抗原（重组蛋白）

中文名称： YPEL2 抗原（重组蛋白）

英文名称： YPEL2 Antigen (Recombinant Protein)

别 名： FKSG4

储 存： 冷冻（-20℃）

相关类别： 抗原

概述

Full length fusion protein
----------------------------

技术规格

<b>Full name:</b>	yippee like 2
<b>Synonyms:</b>	FKSG4
<b>Swissprot:</b>	Q96QA6
<b>Gene Accession:</b>	BC132884
<b>Purity:</b>	>85%, as determined by Coomassie blue stained SDS-PAGE
<b>Expression system:</b>	Escherichia coli
<b>Tags:</b>	His tag C-Terminus, GST tag N-Terminus
<b>Background:</b>	YPEL2 (yippee-like 2) belongs to a family of five yippee-like proteins, all of which localize to the centrosome or mitotic spindle and are widely expressed in both adult and fetal tissue. This localization plus the fact that the family of human YPEL proteins share a high degree of sequence homology across species suggests that these proteins may have a conserved function involved in cell division. YPEL2 might be an important factor during the development and malignant transformation of tissues, most notably pancreatic and breast tumors.
