

## 兔抗 WDR41 多克隆抗体

- 中文名称: 兔抗 WDR41 多克隆抗体
- 英文名称: Anti-WDR41 rabbit polyclonal antibody
- 别 名: MSTP048
- 抗 原: WDR41
- 储 存: 冷冻 (-20℃)
- 宿 主: Rabbit
- 反应种属: Human, Mouse
- 相关类别: 一抗
- 标记物: Unconjugate
- 克隆类型: rabbit polyclonal

## 技术规格

Background:	WD-repeats are motifs that are found in a varie ty of proteins and are characterized by a conse rved core of 40-60 amino acids, which common ly form a tertiary propeller structure. While prot eins that contain WD-repeats participate in a wi de range of cellular functions, they are generall y involved in regulatory mechanisms involving s ignal transduction, apoptosis, transcriptional reg ulation, cell cycle control. WD repeats serve as sites for protein-protein interaction and some s eem to mediate the assembly of protein compl exes. WDR41 (WD repeat-containing protein 41) is a 459 amino acid protein that contains six W D repeats. WDR41 is encoded by a gene locate
-------------	--

	d on human chromosome 5q13.3.
Applications:	elisa, ihc
Name of antibody:	WDR41
Immunogen:	Fusion protein of human WDR41
Full name:	WD repeat domain 41
Synonyms :	MSTP048
SwissProt:	Q9HAD4
ELISA Recommended dilution:	2000-5000
IHC positive control:	Human liver cancer and Human breast cancer
IHC Recommend dilution:	25-100
