

SCCPDH 抗原（重组蛋白）

中文名称：SCCPDH 抗原（重组蛋白）

英文名称：SCCPDH Antigen (Recombinant Protein)

别名：NET11; CGI-49

储存：冷冻（-20℃）

相关类别：抗原

概述：

Fusion protein corresponding to a region derived from 230-429 amino acids of human SCCPDH

技术规格：

Full name:	saccharopine dehydrogenase (putative)
Synonyms:	NET11; CGI-49
Swissprot:	Q8NBX0
Gene Accession:	BC026185
Purity:	>85%, as determined by Coomassie blue stained SDS-PAGE
Expression system:	Escherichia coli
Tags:	His tag C-Terminus, GST tag N-Terminus
Background:	SCCPDH belongs to the saccharopine dehydrogenase family. The exact function of SCCPDH remains unknown.
